# Urban MAX

## ADVENTURE SERIES

### AUSTRALIA'S FIRST URBAN ADVENTURE SERIES

The Urban Max is Australia's own amazing race with events in Melbourne, Brisbane and Sydney. Your team will race through the host city's urban landmarks in a 3-6 hour action-packed adventure. Speed is not always the deciding factor with a strong emphasis on route selection and problem solving skills.

Armed with only a map, a clue sheet and your wits, teams navigate their way around the host city to locate and complete a variety of tasks and challenges. Some challenges will be physical, while others will test knowledge, teamwork, resourcefulness and the ability to make decisions on the fly. Expect a roller coaster ride through the heart of the city!

Teams can only travel by foot or use public transport while all ages and fitness levels

are welcome. If you can think outside the box and know your way around the city, get your entry in today. The race will conclude with a BBQ and short presentation with over \$10,000 of prizes!
